There's nothing like a mouth watering pizzeria pizza! Last month we added a "Pizza Party" to our calendar. Once a month, residents who choose to participate can pay \$5 to get pizza delivered from Minnesota Slice, Hawley's local pizzeria. What a fun change of pace!

It's one of the best pastimes ever, card playing. You can see this group nearly everyday playing rummy. Last month we welcomed Myer Rath, a senior at Lake Park High School as she fulfills her obligation of volunteer hours for the National Honor Society.

Spring is definitely in the air, or at least that's what our calendar says.... Look at these beautiful tulips we created in our acrylic painting class!

# The Science of Making Butter

We had the best time making butter with our favorite 2nd grade class! We learned all about the science of making butter and some of our residents told the students about their experiences making butter when they were on the farm. We even learned that the word butter in Norwegian is smor (pronounced smer).

Pets, especially dogs, can provide constant companionship and unconditional love. Their presence can lower stress levels, reduce anxiety, and even improve mood. There are countless other benefits that lead to a better overall quality of life. Archie, a rat terrier belongs to Jamie Mars, one of our HHAs. Jamie has been bringing Archie in for visits a few days a week and it has been such a wonderful experience for both residents and Archie.
